PHONICS, NUMBER BONDS, RESILIENCE, BABY SIGN, READING, FIRST AID, NUTRITION.

Do you want to
support your
child's learning
and development?

Family Learning is about families learning together. Courses are for parents and carers to develop confidence and learn new skills that will enable them to support their child's individual learning.

Family Learning is about having fun and enjoying learning together and supporting learning together. We offer a wide range of classes, from early learning, to supporting learning in school.

“Over the last few years, I have completed many of the Family Learning courses, such as Story Sacks and Making Sense of KS1 Maths. I have found these courses immensely helpful in terms of being able to support my own children with their early learning of both literacy and numeracy.”

Family learning courses are currently free, please see funding regulations*. There is no formal initial assessment to gain a place on a family learning course, however learners will be asked to complete an initial assessment at the start of the course and to complete a weekly diary as well as carry out tasks in class and at home.

Look out for a Family learning event near you.
