Languages

Whether through technology, media, or travel – we are all becoming increasingly connected as global citizens. Learning a new language provides you with a new appreciation of diverse cultures and a new skill that can be used for business, work, holidays, and family life.

Visit our website

We offer five different languages: French, Spanish, Italian, German, and Portuguese. From time to time, we are also able to offer other languages, like Greek, so do make an enquiry if you are interested in a language not mentioned here.

By learning another language, you can gain a skill valued by employers, improve your confidence, and broaden your horizons. Classes are fun, social, and interactive, and help keep you and your brain active, whatever your age! You will discover more about the country, its culture, and its people to enhance your travel and life experiences.

Classes are taught either face-to-face or online, once a week for 2 hours during term time. We have both daytime and evening courses, so you can fit study around your life and work. We

also offer short courses during the holidays, aimed at preparing you for your summer holidays abroad. We teach all classes using a variety of learning materials including video & audio clips, practical activities, games, books, and the internet, and you will work with your classmates and tutor to practise the skills you have gained in everyday situations.

You will have access to our online learning platform, which is full of help and resources. You can access this throughout the week to support your learning outside of the classroom.

Our language classes are divided into different levels from beginners to advanced and are designed to build confidence and improve fluency in your chosen language. You will also learn about the history and culture of your chosen language and country.
