Family Learning is a great way for parents, carers and children to learn together, have fun, and spend quality time as a family.

Our courses help parents and carers build confidence, learn new skills, and find simple ways to support their child's learning at home.

We offer a variety of free courses linked to children's development, school learning, and everyday family life. Whether you want to help your child with reading, maths, confidence, or wellbeing, our courses provide practical ideas and activities that you can use together at home.

Our courses are relaxed, friendly, and welcoming. There are no tests or formal entry requirements to join a Family Learning course. At the start of the course, we'll ask you to complete a short activity so we can understand your needs and help you get the most from your learning. Throughout the course, you'll have the opportunity to keep a simple learning diary and try out fun activities both in class and at home with your child.

"I have been able to use a range of activities to help my daughter with her numbers. She has really enjoyed the activities, and the teachers have seen a difference in her understanding when doing maths. I now also try to use the vocabulary the teachers use when talking about maths, so my daughter doesn't get confused."

Family Learning can help you:

- Support your child's learning and development.
- Build your confidence as a parent or carer.
- Learn new skills for everyday life.
- Improve your own wellbeing and resilience.
- Meet other parents and carers in your community.
- Create positive learning experiences for the whole family.

We believe that learning should be enjoyable, inclusive, and accessible for everyone. Our courses celebrate different backgrounds, experiences, and cultures, helping families feel valued and respected.

Throughout our courses, we also help families understand important topics such as:

- Early learning and communication: Baby sign, Sensory Play, Black & White Books, Story time fun, Story Sacks and Toddler Talk.
- Fantastic 2's and Beyond: Importance of play and social skills: 2-4 Move some more.
- School Readiness: Toilet training, exploring new foods, and play.
- The school Years: EYFS, Phonics, Reading, Math, Resilience.
- Paediatric First Aid keeping your family safe and well.

Our aim is to help families grow, learn, and succeed together while making learning a positive and enjoyable experience for everyone.
